b) The Foreign Exchange market is the referred as the business marketing rate of currency which changes with one country to another country for the purpose of International Business activities like export and import. So some major functions are given below which are strongly affecting the international Business growth.

- 01] Transfer function
- 02] Credit function
- 03] Hedging function.

01] Transfer function:

The Foreign exchange market changes in the the one residential country or domestic country to another country which compute with the International Business managing countries. So Every Foreign exchange market have changes in this domestic to any other international business foreign exchange market. So Transferring foreign exchange market is domestic to International market which make

by the transfer function. According to the foreign exchange market affecting on the foreign exchange rate. So, It is transfer the functions of foreign exchange market.

02) Credit function:

The foreign exchange market affect on the Crediting foreign exchange rates. There export and import procedures takes place where the functions of foreign exchange market. Taking this foreign exchange rate is the international business management levels. So International Businesses are mainly affecting by the credit function of the foreign exchange market.

03) Hedging function:

According to the foreign exchange market, Here we knowing the functions of Hedging which both market and exchange rate involves in. The hedging function of the foreign exchange market. The hedging function

made the exchanging process in between foreign exchange to domestic exchange rates and also domestic to foreign exchange rates according to their foreign exchange markets.

Sec-C

6) Disequilibrium in Bop:

Balance of payment has some disorders which creates the disequilibrium in the foreign exchange market and foreign exchange rate. That is called Disequilibrium in Balance of payment. How does the Disequilibrium come in the Bop. Some causes. There these are:

- ① Growth plans
- ② Change in expenditures
- ③ Uncontrolled population
- ④ Recovering rise and fall
- ⑤ Taking loans in International business
- ⑥ Giving loans in International business
- ⑦ Natural disasters
- ⑧ Changing in the Income.
- ⑨ Change in export and import
- ⑩ Change in rules and regulations

etc.

① Growth plans:

Some major growing future plans are makes the inequality in the market. So sometimes internationally our mistakes make low level of growth plans. That time rapidly foreign exchange rate will fall down. So New propose and plan also affecting on the Disequilibrium of Bop.

② Change in expenditures:

Some International expenditures affecting on the Bop. However foreign exchange rate affected by change in exchange in expenditures. That also includes the fall down the Bop which creates disequilibrium in the Bop.

③ Taking loans:

Sometimes internationally taking loans are affect on the National per capita income. That like in the way the Bop will make inequality which makes disequilibrium in the foreign exchange market and Bop.

④ Uncontrolled population growth:

Residential or domestic population increases. That much we have needs and facilities to the stimulating their desires. So the population directly affecting on the National economy and also foreign exchange market rate. So it make disequilibrium in BOP.

⑤ Taking and Giving loans in the international business:

Sometimes some countries takes loans and some give loans in the international market. That time loan taking per capital income will decreasing and loan giving countries per capital income is rising. However in the economy fall and down the affect of International foreign exchange rate and also on the BOP.

⑥ Natural disasters:

Some natural disasters like earthquake, flood, and some Tsunami like emergency crisis like Covid 19 virus that time also Bop made the disequilibrium.

⑧ Recovering Rise and fall:

Some time makes money crisis by natural disasters, by wars and some any other crisis that time taking loan makes Rise and fall in the market. So It affect on the Bop.

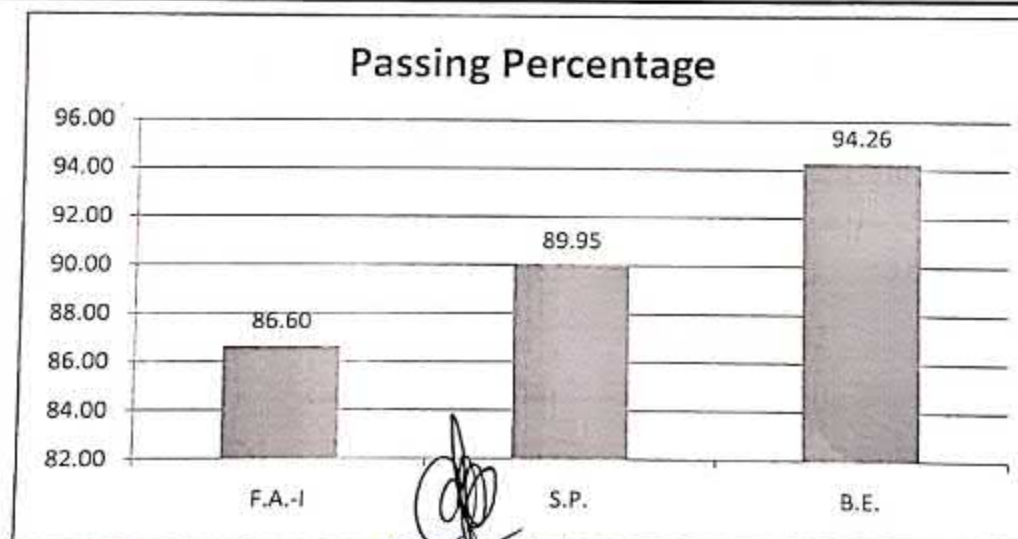

etc.
