About N-LIST

Background

The Project entitled "National Library and Information Services Infrastructure for Scholarly Content (N-LIST)", being jointly executed by the e-ShodhSindhu Consortium, INFLIBNET Centre and the INDEST-AICTE Consortium, IIT Delhi provides for i) cross-subscription to e-resources subscribed by the two Consortia, i.e. subscription to INDEST-AICTE resources for universities and e-ShodhSindhu resources for technical institutions; and ii) access to selected e-resources to colleges. The N-LIST project provides access to e-resources to students, researchers and faculty from colleges and other beneficiary institutions through server(s) installed at the INFLIBNET Centre. The authorized users from colleges can now access e-resources and download articles required by them directly from the publisher's website once they are duly authenticated as authorized users through servers deployed at the INFLIBNET Centre.

N-LIST: Four Components

The project has four distinct components, i.e. i) to subscribe and provide access to selected e-ShodhSindhu e-resources to technical institutions (IITs, IISc, IISERs and NITs) and monitor its usage; ii) to subscribe and provide access to selected INDEST e-resources to selected universities and monitor its usage; iii) to subscribe and provide access of selected e-resources to Govt./ Govt.-aided colleges and monitor its usage; and iv) to act as a Monitoring Agency for colleges and evaluate, promote, impart training and monitor all activities involved in the process of providing effective and efficient access to e-resources to colleges.

The INDEST and UGC-INFONET are jointly responsible for activity listed at i) and ii) above. The INFLIBNET Centre, Gandhinagar is responsible for activities listed at iii) and iv) above. The INFLIBNET Centre is also responsible for developing and deploying appropriate software tools and techniques for authenticating authorized users.

About N-LIST

Background

The Project entitled "National Library and Information Services Infrastructure for Scholarly Content (N-LIST)", being jointly executed by the e-ShodhSindhu Consortium, INFLIBNET Centre and the INDEST-AICTE Consortium, IIT Delhi provides for i) cross-subscription to e-resources subscribed by the two Consortia, i.e. subscription to INDEST-AICTE resources for universities and e-ShodhSindhu resources for technical institutions; and ii) access to selected e-resources to colleges. The N-LIST project provides access to e-resources to students, researchers and faculty from colleges and other beneficiary institutions through server(s) installed at the INFLIBNET Centre. The authorized users from colleges can now access e-resources and download articles required by them directly from the publisher's website once they are duly authenticated as authorized users through servers deployed at the INFLIBNET Centre.

N-LIST: Four Components

The project has four distinct components, i.e. i) to subscribe and provide access to selected e-ShodhSindhu e-resources to technical institutions (IITs, IISc, IISERs and NITs) and monitor its usage; ii) to subscribe and provide access to selected INDEST e-resources to selected universities and monitor its usage; iii) to subscribe and provide access of selected e-resources to Govt./ Govt.-aided colleges and monitor its usage; and iv) to act as a Monitoring Agency for colleges and evaluate, promote, impart training and monitor all activities involved in the process of providing effective and efficient access to e-resources to colleges.

The INDEST and UGC-INFONET are jointly responsible for activity listed at i) and ii) above. The INFLIBNET Centre, Gandhinagar is responsible for activities listed at iii) and iv) above. The INFLIBNET Centre is also responsible for developing and deploying appropriate software tools and techniques for authenticating authorized users.

AVARANA

— S.L. Bhymappa

'Avarana' is one of the best novels written by S.L. Bhymappa. and It was published in 2007 and This is one of the Kannada novels in literature. When I read this novel, I learned something from this novel. Here, Avarana means - covering something. This novel deals with the historical character like Mogul Emperor Aurangzeb. The novel has many themes such as religion, liberalism and identity and highlights the importance of unshackling oneself from the bonds of false knowledge. It is was a bestseller in Kannada, Gujarati, Tamil and other languages.

— Main characters of the Novel:

- 1) Lakshmi alias Razia.
- 2) Ameru — Lakshmi's husband.
- 3) Nazim — Son of Lakshmi.
- 4) Narasi Gowdru — Lakshmi's father.
- 5) Prof. L. N. Shastri.

Elizabeth (wife)

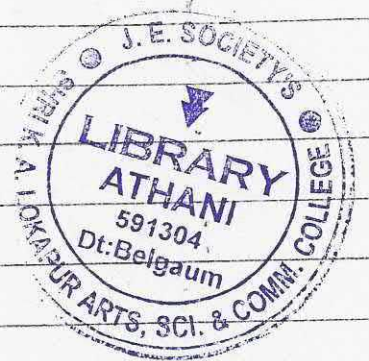

Diganta

Arun

[Shastri's son]

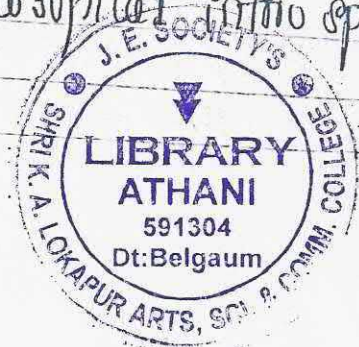

[Shastri's daughter]

— Lakshmi is main character in this novel. She is very free spirited, intelligent, film maker. She comes from Hindu family, but she loved with Ameru, then she married with him. Hence she converted her religion to Muslim and also change her name to

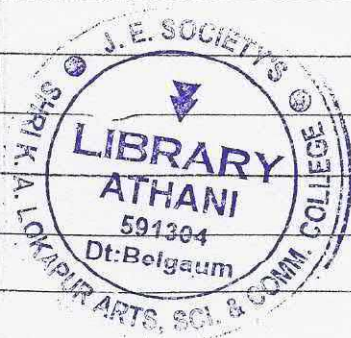

Razia, Larami's husband always giving trouble to her. and she is shocked to discover that her husband is not the open-minded for After marriage, Amir takes his family side in trying to force her to follow the more - rigorous - tenets of their faith. This sets her off on a personal journey into Indian history to uncover the many layers of - religion, caste, and - Larami is left from her husband due to her many problems on the religion. and again her husband married another person, but she was leading her life with joy and happiness.

This book also gives us great insights into slavery that existed in the times of Mughals. and I have learnt from Bhynappa that the aim of history is speak the truth and nothing else. and also here Bhynappa's opinions on the Islamic invasions of India and the nature of Islam. also this novel & thoughts that helps us become better human beings and Here Bhynappa using fictitious characters to build this story, and his questions the very need of invasions, the philosophy of religious tolerant which might not only disturb the reader but evoke introspection as well. and we learn everything new history from this novel only. Although 350 pages - can be read within a few day. I took almost a month to read this book due to it being philosophical into question our religion and war.

Totally, this is excellent novel. when i read it, came to know some disturbing real facts of history which were distorted by so called secularists. and my opinion on this novel, one who speaks low about ancient india and speaks low about Hindu religion they must read this novel.

Avamana becomes a lesser works. It raises important questions on how we read history and also on identity and intellectual traditions, on politics, on civilizational conflict. So, Ironically, this novel has its own debate in the society and many writers criticized this novel and some writers criticized this work and called to Bynappa, he doesn't know how to write and his work is just rubbish. So, this type Avamana has many great themes, and I learnt ancient historical things and Vijayanagar Empire, and the life of lanmi, everything learnt from this novel.
