ACCREDITED WITH "B" GRADE BY NAAC

I. Title of the practice:

Motivation Cash Prize from Management.

II. Objectives of Practice:

The college management provides motivational cash prize to meritorious students based on students' achievement in previous semester examination. The noble objectives of this practice are as follows.

- To enhance self esteem.
- To motivate the students for setting goals in life.
- To create feeling of pride and achievement.
- To create sense of contentment among the students.
- To increase the confidence and to encourage the students to do well in future.
- To recognize and reward the contribution of meritorious students.

III. The Context:

It is a well-known fact that motivation is required for students to make them perform better. A person who is appreciated will always do more than is expected. Appreciating and rewarding is a great approach to celebrate hard work and success in a student's life. Like punishing and correcting a student's fault, recognizing a

ACCREDITED WITH "B" GRADE BY NAAC

student's success is also necessary. Keeping the same objective in mind, the management rewards meritorious students. Every year out of out achievers in university examination in all subjects are encouraged and felicitated with cash prizes. Motivational cash prize is also given to toppers in the previous semester exams. The aims of providing motivational cash prizes are to support toppers and meritorious students for further education.

IV. The practice:

Under this scheme college management gives Rs 500/- each for those students secured 100 out of 100 in each subject and also Rs 500/- each for those students who have secured highest aggregate marks in final exam of each semester from each section. The prize money is awarded to meritorious student in annual function of the college. This practice also motivates the juniors to secure highest marks. Monetary rewards can be a very powerful determination for students' motivation and performance that can lead their future life. The management provides motivational prizes for students to extend their further education without any discrimination of caste, religion, color, language and gender. By this practice students feel encouraged to compete for the top position and excel in studies.

V. Evidence of Success:

Academic success of a student is important because it is strongly related with the positive outcomes we value. Academic achievement is nothing but the extent to which a student has achieved during a period of his education. The students in the Roll of Honours have done exceedingly well in their respective fields. They have brought laurels to the institution. The college has duly recognized their efforts by honouring them by presenting cash prizes and certificates. Number of meritorious students are benefited and motivated through this scheme. Students who are economically backward have succeeded in making excellent career. The impact of this practice is tremendous and slow learners are definitely inspired by academic achievement of meritorious students. It is seen that the students themselves come forward and seek the guidance of their mentors and teachers in the quest for the award.

VI. Problems Encountered and Resource required:

The number of meritorious students is more. Many students are getting 100 out of 100 in same subject. So it is so difficult task to distribute the amount. No Major obstacles have been faced in implementation of this best practice. It is going on in a smooth, efficient and well planned manner.

I. Title of the practice:

No Vehicle Day

II. The Objectives of the Practice

- A. To raise environmental sensitivity and awareness among students about the vehicular pollution.
- B. To create awareness about global warming caused by fossil fuel burn and its impact on Indian economy.
- C. To encourage for using the bicycles and public transportation system
- E. To take a step towards reduction of pollution from the environment by reducing harmful gases like Carbon Monoxide and reduce the global warming.
- F. To derive walk to campus initiative through this best practice
- G. To save conventional energy sources.
- H. To reduce the use of fossil fuel.

III. The context:

The world is on the threshold of serious crisis of global warming and climate change. There is a need to spread awareness about the global warming and solution to reduce it. Being a higher educational institute, it is our moral responsibility to take steps towards reduction in global warming and to motivate the society to follow it. Our college is just outside the vicinity of Athani city. The college doesn't provide the public transportation facility and the other efficient modes of commuting aren't available to reach the college. So most of the students and faculties rely on their personal bikes and vehicles. Environmentalists all over the world are raising concerns over the global warming and impact of motor vehicles in emission of poisonous gases. We, at the college level, are doing our own small act by abstaining the vehicles on every 2nd and 4th Saturday of a month in our campus.

IV. The Practice:

It became a fashion and trend to use the vehicles even for small distance by the society, mostly by the youngsters. It feels ashamed and embarrassing to them to

walk or use the bicycle. To inculcate the habit of using bicycles or using public transport, the college has made a rule for every student and faculties not to come to college by vehicle on every 2nd and 4th Saturday of the month. All the students, teaching and non-teaching staff working in the college come to the college as pedestrians or via bicycle or by a public transport service. The initiative aimed at promoting a culture of healthy living and encouraging the use of public transport. There should be more usage of the public transport system to reduce pollution caused by transportation, to reduce traffic on roads and to promote carpooling.

It will help somehow to reduce the poisonous gases exhausted in the atmosphere by the motor vehicles. We are mostly relying on the fossil fuel imported from the gulf countries to cater our energy requirements and our country is spending a handsome foreign currency for buying it. By practicing this best practice we can bring down our fuel consumption and save some bucks. This will help us to reduce the air pollution, keep us active, healthy and boost our economy.

The reminder notice is being circulated on every 2nd and 4th Friday of the month. All entry points into the campus will be closed for vehicles on those days. Most of the students of Shri K. A. Lokapur Arts Science and Commerce College, Athani come from nearby villages, they use public transport for daily commute to the college. Bus stand is just half kilometers away from the campus, so outstation

ACCREDITED WITH "B" GRADE BY NAAC

students do not find it difficult to observe the No Vehicle Day. The physically challenged students are very less in number and they are exempted from this initiative.

V. Evidence of success:

1. On every 2nd and 4th Saturday no one uses to bring vehicles in the college campus.
2. Students and staff enjoying using the bicycles and having a walk
3. Students are having the self-satisfaction and patriotic feeling is developed as they are contributing to conserve the nature and saving the governments money.
4. They become aware about bad impact of vehicles on the nature.

VI. Problem encountered and Resources required:

Initially, it was a little difficult to convince everyone, particularly the students. Since many questions were raised about the availability of alternative mode of transport but gradually they were taken into confidence and were made aware of the seriousness of the problem of pollution and it is implemented successfully.

NOTICE

Free Parking for Battery Powered Vehicle and Bicycle

We all are aware of the problems of pollution arising due to usage of petrol and diesel vehicles. The exhaust gases from the cars and bikes are increasing the problem of asthma, stress and also add to greenhouse effect. We can take a step for sustainable environment by using bicycles and battery powered vehicles. The college administration has facilitated **Free Parking** for bicycles and vehicles in college campus.

This will help to create awareness among all stake holders and students as well as balance the environment to some extent.
